Special Commission
for Alcatraz Island Conversion:

Enclosed find crude sketches of my idea for the use of "The Rock", converting it to a Haven of Peace, namely "The Angel of Peace Rock Garden".

The Goddess of Liberty in New York Harbor has been an enduring inspiration to millions of People. Why not have the "Angel of Peace" depicting the sincere desire of all Americans, giving spiritual strength to those who see it? The Island could be made one of the most beautiful spots in the World! Many Churches and Organizations, sponsored by the San Francisco Chamber of Commerce could be so organized as to relieve the financial burdens involved.

Boy and Girl Scouts could be invited to participate, thus bringing our future generations to believe in Peace, as America would have it for all Peoples!

If they serve their part, they will serve their Country!

Kindly give my crude sketches some consideration.

Most Sincerely, Mrs Harry A. Johnson.
